

THE MISSION TRAIL  
Guthrie, Oklahoma

Number 4465

. . . A very pleasant greeting to all the saints who are in tune with The Mission Trail, Guthrie, Oklahoma. Well, here we are again back with you for another of those weekly visits each Friday night. We look forward each week as we prepare this broadcast and may I add, we also look forward to hearing from you who receive the messages. It brings new inspiration for us to know that you are receiving encouragement to press onward each day. Why not write us a line?

Now, I have some good news which I would like to share with you. Quite a number of people have expressed their opinion that this broadcast hour of 11:30 p.m. is rather late, and, of course, for some people this is true. Now here is the good news. Beginning Friday, May the 7th, our new starting time will be 11:00 p.m. or 30 minutes earlier. Next week our broadcast will be heard at the usual time of 11:30 p.m., but beginning Friday, May the 7th, that new starting time will be 11:00 p.m. CST right here on XEG. We thank the Lord for making it possible to get this earlier time, and we hope that you will continue to tune in the broadcast each week.

No doubt many of you have already heard of the great loss of Brother and Sister Goldsberry of West Monroe, Louisiana when their house recently burned. Here is a delayed report by Brother C. C. Carver.

The report (revised).

Last Sunday as we were coming back from Mississippi, we drove up in front of Brother Goldsberry's place over in West Monroe. We drove up there and lo and behold there was no house there. The house had burned down. I said something to wife about the house being burned down there by them and pulled up to the next house, the one left standing. This was the end house in that block. We looked the house over and realized it wasn't Brother Goldsberry's home. Then it dawned on us that his home had burned down. So we drove down to Maxine Brown's and one of Brother Goldsberry's daughters was there. She told us it burned down Saturday night. About 2:45 Saturday morning it burned down. She was sleeping in the end of the room by herself, and the wall got so hot and the bed got hot and she woke up and began to call out that the house was on fire. She got them out.

Thank you, Brother Carver, for this direct report. I know this is a great loss to Brother and Sister Goldsberry of West Monroe, Louisiana, and I am sure that many of you who know them are interested in this.

Now for our principal thought at this time I would like to call your attention to a verse found in Jeremiah 8:20. Here it is: "The harvest is past, the summer is ended, and we are not saved."

This is one of the most impressive verses found in all the Bible. It draws a parallel illustration between the natural harvest of grain and the spiritual harvest which all of us shall surely reap!
